Ibis Medical

www.ibismedical.net

Ibis Medical is one of the pioneering medical equipment companies in India, to provide high quality, affordable neonatology equipments.

Since 2008, we have built up an impressive array of products focusing primarily on meeting the needs of NICUs across the country. Our success has been hard earned. We have worked hard to continuously improve our products, by listening to our customers, understanding their unique requirements and trying to replicate those needs.

Our LED based phototherapies are rated among the best performing machines in India, providing relief to babies with swift & effective performance. Our product facilities meet international standards and our products are certified by national & international certification agencies.

Ibis Medical is also one of the leading manufacturers of Infant Radiant Warmers with installations across reputed hospitals all over India. In addition to our equipment range, we started to providing simple yet very effective solutions for neonatologists & nursing staff by launching our NICU Vitals range.

Ibis Medical was incubated at National Institute of Technology, Calicut. NIT provides us with a strong R&D focused technical support. It additionally provides us with the necessary financial support in form of equity participation.

NEW

I Rex 10

The effective way of Phototherapy
treatment , that is safe , gentle and easy to use

I REX 10 Provides all benefits of High Bright Blue LED
technology in compact and affordable Design

Meets AAP Guideline of Phototherapy *

Device Timer Tracking Overall usage of LED source

NO Ultraviolet / No Infrared rays which may causes skin
rashes to Hyperthermia to the infants

Low Power consumption <15 W

Basic LED Phototherapy
Double Surface

I Rex 20

NEW Enhanced
Performance

Set your own irradiance
I REX Series LED Phototherapy
with Intensity control facility

Intensity Control from 15 – 70 Micro Watt

Manual Intensity Control

Analogue Timer for LED usage monitoring

24 High Bright Blue LED for treatment

Independent White LED for Observation

Double Side option

Basic LED Phototherapy
with Trolley

Ibis Medical

I Rex 30

Digital Intensity Control Facility

15 – 70 Micro Watt

Patient and Total usage Timer digital Display

24 High Bright Blue LED for treatment

Independent White LED for Observation

Double Side Option available

IREX 30 B / IREX 40
Premium LED Phototherapy with trolley

I Rex 40

The New benchmark in LED Phototherapy

Check and Set your desired intensity for the treatment with Inbuilt Radiometer sensor *

IREX 40 comes with Thermistor Temperature sensor facility, which will send out an alarm on infant's Hypo/Hyperthermia possibility. Thus providing greater safety during baby's treatment.

*sensor can be bought separately

Irradiance Sensor   Thermistor Temp. Sensor

Ibis Medical

IRex Blanket

Revolutionizing the phtototherapy treatment by providing completely portable and maintenance free system.
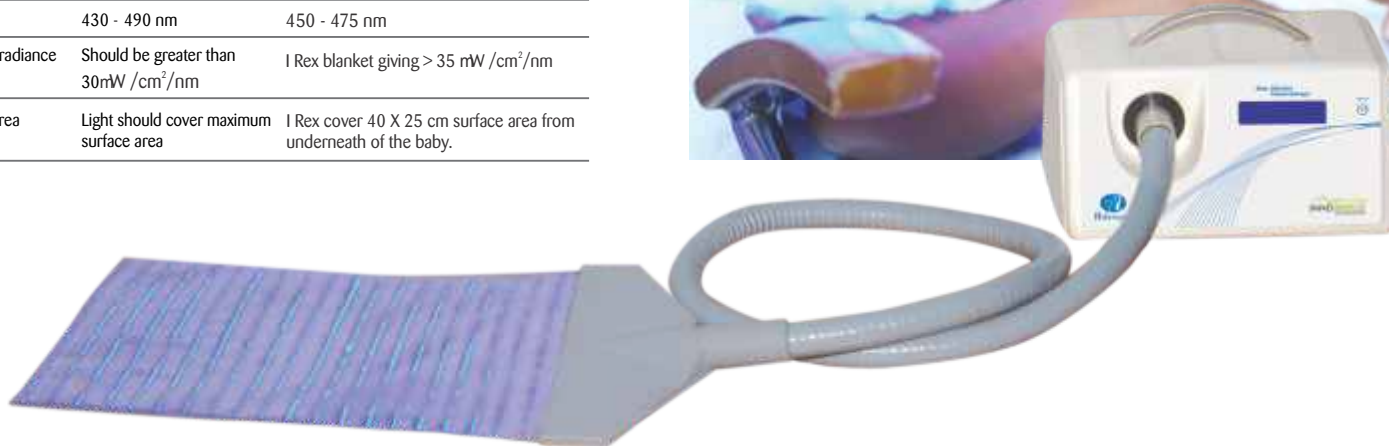

Designed for
parent bonding

An ideal solution for
promote 'kangaroo care' and
parent-infant bonding while in jaundice treatment.

Superior Performance
Meets International guideline for phototherapy[*]

Performance factor	Clinical guidelines	I Rex blanket specifications
Light Wave Length	430 - 490 nm	450 - 475 nm
Light Intensity / Irradiance	Should be greater than 30mW /cm²/nm	I Rex blanket giving > 35 mW /cm²/nm
Effective Surface area	Light should cover maximum surface area	I Rex cover 40 X 25 cm surface area from underneath of the baby.

Ibis Medical

ICore 10
Basic

Technology makes affordable...

ICore 10 Series

I Core Infant warmers are incorporated with high performance processors which offer more accurate temperature sensing. The easy to use control panel, incorporates easy accessibility and greater visibility, with clear colour coded LEDs for setting desired temperatures & viewing current temperature.

Safety features include all audio-visual alarms with High temperature cutoff.

The clean straight design provides an aesthetically appealing look. The modular design also helps in engineering the warmer to meet your needs.

ICore 10 - BD

ICore 10 B

ICore 10 T
With Double Surface Phototherapy

Specification	ICORE 10 BD	I CORE 10T	I CORE 10B	CORE 10 Basic
Mode of operation - Servo and Manual	√	√	√	√
Infra Red Ceramic Heater (Quartz Heater *)	√	√	√	√

Ibis Medical

NICU VITALS

An impressive portfolio of NICU consumable requirement

Infantometer Mat

A space saving, easy and accurate solution for baby length measuring
Measuring range - 8 to 75 cm
Dimension - 95 x 25 x 10 cm
Wall Hanging possible
Washable material

Disposable Measuring Tape

Measuring Range : 1 - 70 cms / 1 - 30 inches
Disposable
Quantity / Box - 25 Nos
Material - Paper
Space for fill patient Information

MUAC Tape

Mid upper arm circumference tape as per Unicef standard.

Measuring range upto 26.5 cm

Material: Flexible non tearable PVC

Colour code: Red 0- 11.5 cms, Yellow 11.5 - 12.5 cms, Green 12.5 - 26.5 cms

Head Circumference Tape

Non stretchable ultra soft Material
Inch and centimeter measurement
Measuring range 5 - 50 cm/ 2- 20 inch
Reusable
Quantity : 3 Pieces / Box

Disposable Head Circumference Tape

Paper made disposable solutions for measuring infants head circumference.
Measuring range 5 - 50 cm/ 2- 20 inch
Disposable
Quantity : 25 Pieces / Box

Ibis Medical

Ibis Vein Viewer

A unique infant vein viewer
An easy solution for infant vein detection
Rechargeable Li-ion battery
Three High Bright Red LED
1 year replacement guarantee

Neontal Gonad Protector

An added safety protection for Goand /Overy and an easy way to optimize the radiation dose to infant.
Studies are recommending X –ray shield for newborn goand area while taking chest Xray[1]
Usage of Gonad pro will helps to reduce the possibility of neoplasia and gentic disorders occurring due to excess number of X rays[2]

Medium   Small

I-Pro Neonatal Eye protector

A Simple and perfect eye protector for Neonatal phototherapy. Highly recommending green material – anti allergic and soft Single patient only

Size : Term (without adjuster)

Size : Pre-Term (without adjuster)

Size : Universal (with adjuster)

Oxygen Hood
